They call Tom Sharkey a tight wad, yet he is indulging in the millionaire's luxury of a divorce.

Pitcher Siler, a long Island boy, has been signed by President Gaffney for the Boston Braves.

Brooklyn has released Pitcher Kent to the Toronto club of the International league.

Chief Bender has pitched the Athletics to victory twice in four days. No signs of being "all in" to that stunt.

Edward (Lefty) Onslow, brother of the Detroit catcher and first baseman of the Lansing club of the South Michigan league has been bought by Detroit for \$2500.

George Whitted, third baseman of the Jacksonville club of the South Atlantic league, has been sold to the St. Louis Cardinals for \$3000. He will report at the end of the season.

Ted Easterly, the Cleveland catcher, has been sold to the Chicago White Sox. He joined the Naps in 1909, coming from the Pacific Coast league.

Chicago is going to send a strong delegation of fifteen archers to try for honors at the coming national archery tournament beginning in the Harvard Stadium next Tuesday.

The closed circuit Gordon Bennett cup race for the International Aviation championship to be held at Clearing, Ill., September 5, will be the last of its kind. Hereafter the race will be contested over a straight course, in order to lessen the danger.

Miss Margaret Lawler, 18 years old, won the 150-mile endurance contest of the Kenosha Motorcycle club in that city Tuesday. Although the only woman entered, she carried off all of the honors against a field of twenty-one men.

Larry McLean, the giant backstop of the Cincinnati Reds, has aspirations as a prizefighter, and he says that after the major league season is over he is going to train and try to arrange a bout with Al Palmer. McLean is in good condition now at 227 pounds.

Manager Clarke Griffith of the Washington Climbers, has selected Frank Dillon of Los Angeles as coast lookout for the Nationals. Dillon is a cousin of Clarke, but the Washington boss says it has nothing to do with the appointment. The scout will watch the coast colleges for promising material, and will sign both directly and in the minors for the Capital city club.

There is a surprise package in store for Mel Sheppard, the great middle distance runner, when he steps off the steamer from England a few days hence, as he is to be discharged from the Fourteenth Regiment, New York, for illegal enlistment. This will mean that the dishonorable discharge that he received from the Twenty-second Engineers will very likely hold good. The blow was withheld just long enough to allow him to compete as a member of the American team at Stockholm.

Officials of the Mineral Springs Jockey club, which contemplates a fifteen-day race meeting near Porter, Ind., next month, have closed contracts for the erection of stands and stables at the new track. The promoters hope to start the first meeting Labor day. Then after a lapse of thirty days it will be possible under the Sellers law to hold another meeting of fifteen days before cold weather.

Horace G. Gamble, professional at the golf grounds of the Athletic club of Philadelphia, may lose his eyesight as the result of the explosion of a golf ball with which he was experimenting. The ball is of English manufacture and was sent to him to try out. It was plain that it was much more lively than balls used here and Gamble started to investigate the reason. He placed it in a vise and then hammered it, the ball exploding and the acid, with which it was filled to make it lively, splashing into his eyes.

Says Charley Comiskey: "I have often thought that the Detroit team was a slugging team because of Cobb's presence on it. And there are moments when I believe that the wonderful hitting of Tris Speaker is responsible in a way for the hitting of some of the fellows on the Boston club."

"These fellows act as pace makers, Cobb goes out there and smacks the ball. He received the cheers and the plaudits of the fans. The other fellows on the team see and hear this. What's the first question? 'Well, if he can do that why can't I?' That's what your good ball player asks himself. The question is a remarkable one. It's a fact in every other business no why not in baseball?"

Three western governors—Governor Stubbs of Kansas, Governor Carey of Wyoming and Governor Shaffroth of Colorado—will receive the riders in the 1912 tour of the Short Grass Kansas Motorcycle club, which leaves Garden City, Kansas, August 11. Some 200 riders are expected to join the party and for fifteen days the tourists will journey through the three western states. The route is 1000 miles long and extends as far west as Denver. In addition to the reception by the governors the riders will be entertained by the city officials in fifteen cities and towns. Dr. B. J. Patterson, the newly elected president of the Federation of American Motorcyclists, will accompany the tourists.

CHICAGO, August 14.—Manager Frank Chance is placing great dependence on Ed Reulbach in the fight the Cubs are putting up for the National league pennant. Reulbach is one of the club's older pitchers, but he is pitching as good as he ever did. He has won two-thirds of his games this season.
